
3D Visual Novel Maker Free Download PC Game [Latest]

Wednesday, February 10, 2015 In order to celebrate the arrival of our recently published Oni A.K.A. on Steam this Friday, we have a special deal for you! Right now, you can buy A.K.A. for only \$7.50 and get a Steam key for A.K.A.'s post-credits DLC, Time's First Love! If you've never tried the game or the DLC before, you can also grab the free demo of A.K.A. on Steam.

There you can jump right into the story and enjoy all the features and content of our debut VN: We've got plenty of other exciting stuff coming your way in the next couple of weeks, including a Windows Store listing for A.K.A., our Steam launch trailer, a big highlight reel of the game's story, a developer video, a release date, a new character design, and our first convention appearance. We also have a long list of big changes to the game in the works, including a new piece of music for the opening and endings, revamped characters, and more. When the game launches, we're going to be giving away copies of A.K.A. along with the original PS2 release of Eternal Love and Eternal Wind: So be sure to stick around this week! We'll have all kinds of free stuff, giveaways, special features, the whole shebang! We're happy to announce that our debut visual novel, A.K.A. (Oni aka Absent Kin As You Are), will be released on Steam as a downloadable game on February 18th! If you're a fan of VNs, this is the perfect opportunity to check out this unique experience in the form of a visual novel! The story of A.K.A. takes place in the small but very romantic town of Takatama, where the lives of the townspeople are ruled by the power of spirit. But not all spirits are created equal: some are benevolent and some are malevolent. Benevolent spirits grant wishes to their worshippers, and in return, they will grant the worshiper great power, wealth, and success. But if a benevolent spirit is dissatisfied with its worshiper, it will transform the worshiper into something otherworldly and dangerous. For those who are new to VNs,
