Saili Simulator We are a small team of programmers, technicians and designers, who enjoy a challenge. We provide simulation software for Saili-launchers and Saili-drones. Design of all saili-launchers since 2015 is already done, we have all designs ready including, complete aerodynamics and and basic controls needed for pull back, thrust direction, and pitch change, and the decals for build support. We would be happy to present any of our designs to anyone interested in the project. Built in Saili launchers are tuned saili simulator software with fixed payload. Rocket Boost to Get Operational. You can buy one if you want. Now we have a Kickstarter coming up to buy the materials and build the model. If we meet our initial goal we will go into production mode. . As of Oct 2nd 2017 we have raised about 589\$ of our 6000\$ goal to build this model. There is a steady flow of people getting interested and eager to see the project gets built. . Saili-Simulator-Launcher-Driverepub-calrainn-mockup.zip We plan to build it with the same saili drone as the ones seen in hobby videos. We think of it like a very small but sturdy firearm. . Now we have a preliminary BOM for the build and that is where we need help to cut costs. We do not like if we have to include any extra parts that are not absolutely necessary. . We have made a simulation to give you the idea of our project. . If you want to watch how it works please see this video . We are looking for someone to help with the following: \*Any of the following experienced in making bare parts.: PCBs, Dies, Metal cutting \* Any of the following experience in sewing: pattern making, construction, finishing \* Any of the following experience in simulation: Maths, physics, and all software needed for simulation We will provide materials we have already made. . . . We had some setbacks in the first weeks of the Kickstarter. We lost a lot of the parts we had made due to shipping to wrong address. We lost some money in the shipping. We

Launcher Simulator Saili 35 Launcher Simulator Saili 51 Launcher Simulator Saili 52 Launcher Simulator Saili 53 Tumble 50 Tumble 80 Launcher Simulator 50 Simulator Crew Seat Review of Mission – DCTest Saili Simulator Recon & Review Second place Staff Scientist Save the date LOMOCO- 2018 Conference (11/07/2018 ) Tourism - lake, leisure, entertainment, business Lake Kalkutta, is situated in the South of Finland. 9 km to the North-East are the town of Kankaanpää and the ancient Kankaanpää Castle. The peninsula of Paasikivi extends 10 km to the West of the town and is bounded to the East by Lake Kalkunnuksenjärvi. Also the municipalities of Kotka, Koivukylä, Pervo and Raahе are located within the vicinity of Lake Kalkutta. Although there are many events and projects which are promoted by the Lake Kalkutta Economic Association, it is also the goal of all the local businesses to increase the tourist demand in Lake Kalkutta. In addition to the numerous leisure activities already existing, like water sports, barbecue areas, restaurants, the Association promotes and organizes certain cultural events, which are of great importance to the local inhabitants. The Kalkutta Garrison From the first of April until the end of October you can find the Kalkutta Military Garrison (KMK). Visitors can easily find the KMK on the northwestern side of Lake Kalkutta and ask for information at the KMK visitor center and museum. In the KMK there are three big buildings, including a 12 meter-high tower. Toilet paper and towels ; are available at the same rate and only in the visitor center. Each visitor to the Kalkutta Garrison must attend a mandatory pre-entry drill called Kalkunnan kyvyn oppii (Kalkutta's Drill – learn to) on the first Sunday of every month at 5.30 pm. The exploration of the military fort is possible free of charge, but there are entry fees. More information on Kalkutta and surroundings, Kankaanpää, K 3ef4e8ef8d
